

New APP Version 12.0.0

What's New in This Version?

1. Gallery Redesign project:

- Delivery of the **enhanced gallery page single image full screen**, with the full view integrating better with the Gallery Page itself, with various micro animations having been introduced.
- Most excitedly **Immersive Content** is now visible in the app, check out Radisson Collection Barcelona for a live example.
- **Long Stays for Service Apartments** - Booking limit has increased from 45 nights to 90 nights. to account for long stays.

2. Display of the **Rewards number** is now more user friendly, with the number having been broken down into 4 digit sections.

3. Finally minor bug fixes & optimizations

See the full list of tickets included:
