FIRE AND ICE FACIAL

60min | R1380

This intensive clinical treatment is designed to resurface the skin rapidly and safely. Precise combinations of two professional treatment masks are complemented by serums and creams, with aromas of warm cinnamon spice and cool peppermint. This facial cannot be performed if you are currently using any type of retinols, Retin-A, Accutane or any form of glycolic acids.

HONEY ENZYME FACIAL

60min | R1380

The Honey Enzyme Facial is a luxurious, exfoliating, hydrating facial that enhances skin with gentle massage and soothing hydration. Effective for all skin types, each use leaves skin as soft as it's ever been. The result is a dramatically smoother, brighter and revitalized complexion with a noticeable glow.

FOAMING ENZYME FACIAL

60min | R1840

This vibrant treatment features active foaming agents for light and effective exfoliation, leaving the skin clear and glowing for days. The Foaming Enzyme Masque System combines potent papaya and pineapple enzymes with pharmaceutical grade glycolic acid to produce a luxurious foaming treatment. This professional treatment produces a luxurious foaming activity while bioactive ingredients exfoliate and deep cleanse the pores; revealing a polished, healthy and radiant complexion

INTRACEUTICALS

REJUVENATE OXYGEN TREATMENT

60min | R2200

An Intraceuticals Rejuvenation Treatment is a non-invasive treatment that targets the appearance of fine lines, wrinkles and dramatically enhances overall hydration.

CLARITY OXYGEN TREATMENT

60min - R2200

After a single treatment, your skin will look and feel clarified and calm. Acne affected skin is comforted and visibly refined, while oil-free nourishers ensure moisture balance is maintained to help defend against future break outs.

OPULENCE OXYGEN TREATMENT

AQUA GOLD

The AquaGold De-Lux facial, also known as AQUAGOLD fine touch and The Golden Facial, is a patented gold-plated needle system that delivers customised active ingredient solutions into the skin at the ideal depth of 0.6mm. This small needle device consists of 20 x 24 carat fine gold-plated needles, thinner than a human hair that penetrates superficially into the skin, whilst at the same time allowing for the deeper penetration of the selected active ingredients into the skin. This is through its novel microchannel design that allows the product to run along into the skin when the device is applied onto the skin.

COSMELAN

The Cosmelan Depigmentation treatment is a professional depigmenting method that assists in reducing and removing the most severe and resistant pigmentation spots with maximum efficacy and safety.

60min | R16500

We do the Cosmelan Peel in 2 Steps:

Step 1: Cosmelan Peel Application

-The Cosmelan Peel application will be done by your Skin Specialist on the premises. Preferably during the morning. The patient will then go home with proper instructions on how and when to remove the Cosmelan Peel.

-The instructions also include all the detail of the Cosmelan Peel itself and further information.

Step 2: Homecare

-The Cosmelan Peel is a 3 month process where pigmentation, melasma, sun spots, uneven skin tone, dark marks, will still improve. The 3 months includes specific homecare and regular Follow Ups with your Skin Specialist.

MELINE PEEL

The MeLine treatment process is described as 'controlled chemical dermabrasion' and is a customised process that uses the application of MeLine's specially formulated peel mask to lift away the top layer of dead skin cells.

A course of 2-3 is required and recommended

R2100

SPOT TREATMENT 0,2 ML

R1500

The MeLine process includes three steps: preparation, peel and then a programme of prescribed aftercare products to use at home. These products are designed to control pigmentation, decrease melanin production, promote renewal of skin cells, improve sun damage and even out the tone and colour of the skin - helping you maintain your after peel complexion!

DELUX SKIN TREATMENTS
