Maruhaba!

A warm welcome to Radisson Blu Resort Maldives...

This year's festive season is about being together at the end of a year that was all about staying apart. What makes a great festive event is all of the wonderful people with whom you share this special time. Celebrating safely this year may look a little different than we're used to, but that doesn't mean it needs to be any less festive.

You can count on us to make your event extra special

Happy Holiday!

Melt away feelings of anxiety and stress, and relax tense muscles. Our De-Stress treatment relieves tension, leaving you feeling calm, relaxed and still with essential oils of Frankincense, Chamomile and Petit Grain.	Natural Maldivian ingre-dients are combined with advanced fusion of the medium to firm pressure massage techniques to refresh tensed and tired muscles.The natural warm Maldivian sand compresses will restore balance, and bring back vitality to mind, body and spirit.	The 'tree of life', coconut, is abundant in the tropical Maldives. It heals skin as a tonic to repair sun-damaged skin. Revitalize your skin with our coconut scrub, relax with a soothing coconut oil massage, and take a dip in a nourishing milk bath. This treatment leaves your skin silky smooth and primed for the beach.	A pampering treatment designed for couples to relax and enjoy time together with our famous mood scrub, a special long stroke massage. Complete your intimate moment with nourishing facial and romantic outdoor flower bath to enjoy the beautiful view of this heaven on earth.	This exotic ritual performed on the beach begins with a mild exfoliation that uses white sand and Indian Ocean water, followed by a refreshing dip in the sea. Next, a relaxing Maldivian coconut oil massage eases the body's tensions while the soothing sounds of the sea, just meters away, ease the mind.
