Our aim is to combat and eliminate any form of modern slavery, and to operate hotels free of child exploitation and forced, bonded, or compulsory labor. We apply these principles to our operations and in our supply chain. This is our 7th Slavery and Human Trafficking Statement.

In 2022, RHG counted 146 nationalities amongst our team members. In 2022, RHG counted 146 nationalities amongst our team members. In 2022, RHG counted 146 nationalities amongst our team members. Our team members' welfare and develop mutually acceptable solutions for common challenges.

We operate to high standards and advocate socially and environmentally sustainable business practices. Our aim is to address vulnerabilities in the hospitality industry, combat and eliminate any form of modern slavery, and operate our business free of child exploitation, sexual exploitation, exploiting of children and child labor, servitude, or forced, debt bonded, or compulsory labor.

RHG strives to ensure that:

- Every team member has a worker contract
- No team member is forced to work
- No team member is forced to handover government-issued identification, passports, work permits, or bank cards to a third party
- No team member is required to pay any fines in exchange for work
- No excessive deductions are made from any team member’s wages

These expectations are applied and include the practices of the schools, labor agencies and outsourced labor suppliers that RHG utilizes.

It’s paramount that all team members know and understand the Code, act consistently with the Code and, if in doubt, seek guidance from their team manager, human resources manager or the legal department. Management teams must be a role model, lead by example and maintain, promote and act in accordance with the Code in their daily work.

All team members are trained in the Code of Business Ethics, its implications, and reporting processes. The training, part of immersion training for new starters in the group, is mandatory for all team members and includes a reference to the RHG’s ethics platform. The Code of Business Ethics is conforming with the EU’s GDPR regulations and other policies.

The Code of Business Ethics was updated in 2022 to align globally and to incorporate the most recent legislative needs and changes. It responds to finding in the RHG global internal audit.
Radisson Hotel Group Slavery and Human Trafficking Statement 2023

to take a stand against modern slavery and human trafficking. The Supplier Code of Conduct supplements the Code of Business Ethics. Its principles represent the minimum social and environmental sustainability standards that RHG expects its suppliers to achieve.

The Supplier Code of Conduct prohibits the use of any form of modern slavery, human trafficking, exploitation of children or forced or compulsory labor. All work must be voluntary, and in no case should workers be mandated to relinquish government-issued identification, passports, visas or work permits. Suppliers and sub-suppliers should ensure that the Employer Pays Principle is applied and that workers are not required to pay any recruitment fees or expenses as a condition of receiving work.

The Supplier Code of Conduct is signed by all suppliers at the corporate level. Hotels are required to follow the RHG Supplier Code of Conduct. However, we do not actively register which suppliers have signed it at the local level.

RESPONSIBLE BUSINESS POLICY
Our ambitious and award-winning Responsible Business program dates to 2001. The Responsible Business policy covers compliance with all applicable legislation regarding labor, health and safety, human rights, and the environment. It requires us to operate without slavery, exploitation of people, or forced, bonded, or compulsory labor. The policy strives to follow best practices in each of these areas.

DUE DILIGENCE PROCESSES

Every hotel undergoes an internal audit every second year. Elements of the audit include review of background checks for all positions that handle cash as a part of their role, or other sensitive positions. The background check must be done by an external company. Other elements are checked including supplier contract approval, work permits for team members from outsourced companies, reference checks on other partners of suppliers, and background checks on outsourced team members in Accounting & Finance, Human Resources, Security, IT, Front Office, and Food & Beverage. An outsourced company cannot submit a contract, any activity delivered to the hotel without written approval from RHG. In 2022, 30% of our managed and leased hotels in EMEA have been audited.

RESPONSIBLE RECRUITMENT
Hotels aim to apply responsible recruitment practices when recruiting outsourced team members and 85% of hotels undertake background checks on recruitment agencies. To mitigate the risk of modern slavery and human trafficking, RHG uses the responsible recruitment framework. The framework for our hotels includes the use of a toolkit, which supports our recruitment practices.

RESPONSIBLE RECRUITMENT TOOLKIT
The responsible recruitment toolkit provides guidance on how to prevent modern slavery, promote ethical recruitment practices and details of how to engage with recruitment agencies and team members using worker interviews, how to increase awareness of modern slavery amongst team members, how to approach a recruitment agency, and what due diligence to conduct. The toolkit also supports hotel management teams in their efforts to prevent modern slavery, especially with outsourced labor. The toolkit has been rolled out to all geographic areas in Asia Pacific, Europe, the Middle East, and Africa. In 2022, 73% of our hotels actively used the toolkit. The Leading Responsible Business training for all Heads of Departments and General Managers includes a specific training module on how to use the toolkit. In 2021, the RHG responsive recruitment toolkit was reviewed by the UN International Organization of Migration (IOM) and recommendations have been implemented in 2022.

SELF-ASSESSMENT QUESTIONNAIRE
One of the elements of the toolkit is the hotel self-assessment questions (SAQ). RHG has created this assessment tool with specialized human rights consultancy Verita. The SAQ allows our hotels to identify potential gaps and vulnerabilities in the recruitment processes. The SAQ is designed to gather information on risks of forced labor and human trafficking that hotels may be facing, and ultimately to help hotels and its third-party intermediaries to detect, remediate, and mitigate risks of labor abuse. It assesses the risk of forced labor or human trafficking in the business processes of third-party intermediaries which provide services related to the recruitment, selection, hiring, transportation, training, and management of migrant workers.

MIGRANT WORKER INTERVIEWS
Another element of the toolkit is the migrant worker interviews template. This document provides a set of interview questions to use when conducting targeted migrant and foreign contract worker interviews. This tool is used to guide the hotel and help identify possible cases of abuse or recruiter-induced human trafficking.

REMEDIATION PLAN
The framework for our hotels also includes the remediation plan. This plan provides for or cooperate in the remediation of human rights risks and abuses that may be identified during assessments. It provides the team with guidance on what actions to take when certain risks are identified, and cases of forced labor are uncovered or reported during assessments.

ETHICS PLATFORM
A cornerstone of our Code of Business Ethics implementation is ethics.radissonhotels.com, a website run by an independently operated third-party organization. Team members can use this site to find information on our Code of Business Ethics and report concerns anonymously. Any team member with concerns or questions about the Code is encouraged to raise these directly with their supervisor or person of trust in the hotel or regional organization. If it is not possible, the team member can report the issue online. The ethics leadership group will investigate any specific report, in an independent role, steered by the internal audit team. The site is available in 11 languages and can be utilized by all team members, outsourced team members, and agency workers. Of the 21 reports made in 2022, none involved allegations concerning modern slavery and human trafficking.

REMEDIATION PLAN
One more developed element of the toolkit is the remediation plan. This plan provides for or cooperate in the remediation of human rights risks and abuses that may be identified during assessments. It provides the team with guidance on what actions to take when certain risks are identified, and cases of forced labor are uncovered or reported during assessments. The plan covers the remission process, which includes one or more remission phases that are designed to address any identified risks.

SUPPLIER CONTRACT
RHG has overarching accountability for the standards of our supply chain, the treatment of our team members and the safety of our guests. Our reputation, affecting our level of trust with other stakeholders. It is imperative that the Group’s suppliers follow the Supplier Code of Conduct and request the same from their supply chain, including third-party labor agencies.

In addition to compliance with the supplier agreement, we expect our suppliers to comply with the laws and regulations which apply in the countries and jurisdictions where they conduct business or deliver goods and/or services. 100% of our corporate suppliers recognized our Supplier Code of Conduct.

TENDERING PROCESS
The first supplier engagement goes through the Request for Information (RFI) tendering process. This allows RHG to evaluate new and potential suppliers during the first phase of the tender process. The RFI contains multiple criteria, including a set of knock out criteria, allowing RHG to evaluate the supplier’s financial, environmental, labor and human rights status before signing a contract. We request all suppliers to register into EcoVadis or a similar supply chain assessment solution and provide reasonable evidence of compliance with RHG’s Supplier Code of Conduct on request. The provided supplier information is assessed, and non-compliance is discussed with the individual supplier accordingly.

SUPPLIER CONTRACT
RHG is committed to advancing the United Nations Global Compact’s ten universally accepted as well as the UN Sustainable Development Goals. This is reflected in the Supplier Code of Conduct, which is attached to our standard supplier contract. The contract also refers to the Responsible Business policy, which outlines obligations for suppliers, sub-suppliers and the broader business community including a clause against modern slavery and human trafficking.

RISK MAPPING ANALYSIS
RHG uses a risk mapping analysis as part of our supplier due diligence to enable us to understand supplier performance. Input from the hospitality risk rating tool was used for the analysis. The industry risk rating tool, created by RHG and other members of the Sustainable Hospitality Alliance, allows hotels to obtain a more complete overview of our supplier risk profile. The rating weights various criteria including geographic risk, industry, spend, volume, workforce risk, resources, impact, and likelihood of success. The framework allows RHG to prioritize its focus and to address low-level involvement of risk management with suppliers.

Radisson Hotel Group Slavery and Human Trafficking Statement 2023
To allow capacity building, RHG partners with EcoVadis to assess the groups’ suppliers on environmental, social, ethical and sustainable supply criteria, and to support continuous improvement. In 2022 RHG extended the EcoVadis evaluation process to the group’s suppliers through the risk analysis tool and the supplier platform evaluation tool. The average labor and human rights performance of all suppliers reviewed is 59.5%.

VIOLATIONS OF OUR SUPPLIER CODE OF CONDUCT
Suppliers are expected to comply with the standards of the Supplier Code of Conduct and with all applicable laws and regulations. In cases where modern slavery, human trafficking, exploitation of children, or forced and compulsory labor is discovered in the supply chain, it must be reported to RHG without delay. A specific email address is provided for this purpose. The Group encourages any stakeholder with concerns about the Supplier Code of Conduct and its implementation to discuss this directly with the supplier.

If RHG receives such a report, the supplier is requested to comment and if required, RHG may request the supplier to implement an improvement plan to correct the issue. If the supplier does not act or respond to the report or concern and is not willing to work on correcting the issue, they can be subjected to disciplinary action. This can include termination as a supplier, and/or review by local authorities.

However, best practice suggests we try to work with the supplier to improve their practices rather than dropping them. Suppliers are requested to notify their employees, and any sub-contractors who work for RHG, that they may report serious or sensitive concerns, or possible breaches of the Supplier Code of Conduct. Suppliers are expected to comply with the standards of the Supplier Code of Conduct and with all applicable laws and regulations. STRAINTRAINING: RESPONSIBLE BUSINESS TRAINING
We endeavor to educate and facilitate our team members to make conscious decisions in favor of environmental, ethical, and social issues every day, both in their private and work lives. The awarded Responsible Business training program equips team members in the hotels and offices with expertise and skills on an array of topics, including a special emphasis on roles hotels play in tackling modern day exploitation. We train all our team members to recognize the risks of modern slavery, sexual exploitation and human trafficking in our operations and the supply chain. We explain the benefits of strong measures to tackle slavery and human trafficking, as well as the consequences of failing to combat these problems. Training compliance is measured on an ongoing basis.

COMBATING MODERN SLAVERY TRAINING
As part of the responsible recruitment toolkit, a specific training module is used to increase awareness of modern slavery. It provides guidance on due diligence processes. The training includes information on responsible practices and the use of the toolkit and used by Area and Hotel HR teams and recruiters.

Additionally, RHG included the publicly available online e-learning focusing on risks in the labor supply chain. The ‘Risks of modern slavery in labor sourcing’ training, made available through the membership network of the Sustainable Hospitality Alliance, is designed to support human resources, procurement, and legal teams to identify and address the risks of modern slavery in hotel operations and the supply chain. The training also includes real-life case studies to underpin the learnings.

CHILD PROTECTION AND ANTI-TAFFICKING
Protecting victims of human trafficking is imperative to RHG. Through our partnership with ECATP and as signatory of the Tourism Child Protection Code of Conduct, we take a public stand and work to prevent human trafficking, sexual exploitation and the exploitation of women and children. We ensure all team members are trained in our human trafficking module. This module is part of our mandatory classroom based, Living Responsible Business training. The module includes various case-based scenarios of forced labor and sex trafficking, training team members to identify suspicious behavior and how to report forced sexual exploitation to police. It encourages discussion amongst participants on what actions to take.

INDUSTRY CAPABILITY BUILDING
SUSTAINABLE HUMANITY ALLIANCE
The hospitality industry can be a force for good and make a positive contribution to tackle modern slavery and human trafficking. RHG is a member of the Sustainable Hospitality Alliance and together we work to address challenges, share our expertise and develop practical solutions to enable the whole industry to operate responsibly and grow sustainably.

As part of the Alliance, we collectively work to raise awareness of human rights risks, embed human rights into corporate governance, and address risks arising in the labor supply chain and during construction. RHG is committed to Industry Principles on Forced Labor to address human rights risks in the labor supply chain. These state that every worker should have freedom of movement, no worker should pay for a job, and no worker should be indoctored or coerced to work. As active member, RHG participates in the Human Rights work group.

INTERNATIONAL ORGANIZATION FOR MIGRATION
As part of a multi-year partnership between International Organization for Migration (IOM) and the Sustainable Hospitality Alliance, RHG has been actively involved in projects to promote ethical recruitment and protect migrant workers in the hospitality industry. The partnership has leveraged the multi-stakeholder model of the IOM’s ISCR Ethical Recruitment initiative to promote regular pathways for migrant workers and protect them throughout the labor migration process.

Additionally, in 2021, RHG has been involved in the Aligning Lenses Towards Ethical Recruitment (ALTER) project, a collaboration with IOM, Philippines, Blas F. Ople Policy Center, Diginex and the Sustainable Hospitality Alliance, funded by Global Fund to End Modern Slavery (GFEMS). Key outputs for hospitality employers include a digital labor migration process mapping tool and an ethical recruitment due diligence toolkit. The process included hotel assessments, worker interviews and recruitment agency consultations. Overall findings have been utilized to strengthen capacity building and remediation planning.

FUTURE STEPS
The risks of modern slavery and human trafficking in our operations and our supply chain need our constant attention. Because of the significant growth of our operations, we must continuously monitor, manage and mitigate risk in our operations and our supply chain. We will continue to fight modern slavery and human trafficking to mitigate and manage risks and develop better ways to increase the visibility of our actions in our operations and supply chain.

Over the coming year we plan to:
- Invest in new technology, processes and data analysis system to help us have a greater visibility of our social and environmental sustainability performance.
- Digitalize the tools on the responsible recruitment framework further providing easy access for hotel teams.
- Continue the refresher training for hotel teams to use the Responsible Recruitment toolkit.
- Continue supplier engagement, evaluations and risk mapping analysis for all suppliers of outsourced labor, all corporate suppliers, all high-risk and high-volume regional suppliers to ensure they are complying with our Responsible Business, Human Rights, and preventing Modern Slavery policies.
- Continue our cooperation with other hospitality industry partners via the Sustainable Hospitality Alliance network and the human rights working group to identify and share best practices and participate in projects.
- Review existing manuals, contracts, standards of operation, and audits to strengthen our aim to combat and eliminate any form of modern slavery.
